Academics Presentation

Carrie Quinn, High School Principal and Chelsea Gill, HS Principal shared some of their school highlights from last year and the last two weeks in preparation for the current school year. Students will begin courses next week.

Carrie Quinn shared about passing, drop and graduation rates for the 2021-SY. Year over year passing rates improved by grade levels from ninth grade at 80% for ORDCA. Our seniors were between 86% to 97%. This is the highest rising rates were ever seen. Success for

high school students is being attributed to the options of taking course starters vs. semesters, this has helped to personalize options for our students. Most of our students are on this program. As students have seen academic success, we have been about to build on that success and add credit recovery courses

Our graduation rates are "internal numbers." The final graduation rates will be available this fall. Graduation rates increased dramatically year over year with CVA having their first graduates.

We have had a strong focus on decreasing our dropout rates. Yancey Fall and Eileen Armstrong have both worked very hard on this area for our students. Making sure students are right fit in their respective schools or they drop out ensure that they are receiving a quality education elsewhere or working to this end. Balance Sheet

The June column has not been audited. We are sitting at \$1,639,941 in cash. We expect to pay back to the district (\$184,281) due to overpayment from ODE based on higher enrollment numbers. Vince is aware this may happen again this year.
